

The Shamanic Priest Process

Created by Brad Collins

Facilitated by Deb Kotz
Apprenticed by Tim Donahue

As human beings, each of us embodies a combination of masculine and feminine qualities. Our inner masculine and inner feminine each have aspects that are healthy, and aspects that are wounded. This wounding manifests in our lives as destructive feelings, beliefs, and behaviors.

The Shamanic Priest Process at Shaman's Hearth is open to both men and women. You may choose to go through one or more Initiations. Those who complete all four Initiations are eligible to be Ordained as a Shamanic Minister.
